HOW DO I PURIFY MY URINE?

Simply pour the entire contents of 1 vial into your urine. Each vial is effective for a container holding up to 120ml (4oz.) of urine. For over 120ml (4oz.) you will need to use both vials at once.

WHAT IF I NEED EXTRA PURIFICATION?

Simply pour the entire contents of both vials into your urine container.

WARNING:

Using two vials can cause a slight odor.
The odor will be reduced after a few minutes.
